Activities accomplished by individuals using Rebecca Homes services

Inspired – M Y Inter-Theatre Company

Two residents residing at the Mount joined a choir in June 2013 and got to sing and dance on stage at The Lichfield Cathedral on 20th July, as part of a large group of performers.

They have since also performed at the Burton Brewhouse singing Christmas carols before a performance of screwge. They also now attend a drama group run by the same company.

Volunteer Work at The National Memorial Arboretum, Alrewas

One of individual resident residing at The Mount began working at Alrewas Arboretum on 12th April 2013. He was offered the position after attending an interview and having a tour of the grounds. He currently works there once a week as part of the Grounds Maintenance department. His main duties include pruning, sewing and general maintenance of the numerous flower beds. He has been informed that he will eventually be given his own patch of garden to be responsible for. He seems to really enjoy this new opportunity and is always up bright and early ready to go to work and is full of stories about his day upon his return.

Volunteer Work at Pheonix Radio (Burton Queens Hospital)

One of individual began working at Pheonix Radio on 29th July 2013. He was offered the job after attending an interview where they were impressed with his enthusiasm for the job and his vast knowledge of music. He works as a presenter's assistant on a Monday evening show. He helps out selecting and loading the music as well as banter and interaction with the main presenter. It is a fantastic opportunity for him and he is amazed that his original suggestion to find work in radio has been realised.

Bid TV Studio Tour

Another person using our services celebrated his birthday in style this year with a tour of the Bid TV Studio's, which for this particular resident, was like a dream come true. On his arrival he met the Head of Broadcasting who took him on a tour around the studio, he got to meet some of the presenters and then even had a go at presenting an item himself. They had a birthday cake made for him and gave him a goody bag of lovely gifts.

Why I believe Fiona Bradbury who commenced working for Rebecca Homes in January 2013 should be entered for the Newcomer award

Fiona has provided users of the service using Rebecca Homes services person centred activities that many would think are unachievable.

An individual using our services celebrated his birthday in style this year with a tour of the Bid TV Studio's, which for this particular resident, was like a dream come true. On his arrival he met the Head of Broadcasting who took him on a tour around the studio, he got to meet some of the presenters and then even had a go at presenting an item himself. They had a birthday cake made for him and gave him a goody bag of lovely gifts. The producer even drove him back to the train station.

Two of the residents residing at the Mount joined a choir in June 2013 called Inspired – M Y Inter-Theatre Company and got to sing and dance on stage at The Lichfield Cathedral on 20th July, as part of a large group of performers. They have since also performed at the Burton Brewhouse singing Christmas carols before a performance of screwge. They also now attend a drama group run by the same company.

One individual began working at Alrewas National Arboretum on 12th April 2013. He was offered the position after attending an interview and having a tour of the grounds. He currently works there once a week as part of the Grounds Maintenance department. His main duties include pruning, sewing and general maintenance of the numerous flower beds. He has been informed that he will eventually be given his own patch of garden to be responsible for. He seems to really enjoy this new opportunity and is always up bright and early ready to go to work and is full of stories about his day upon his return.

One individual began working at Pheonix hospital radio on 29th July 2013. He was offered the job after attending an interview where they were impressed with his enthusiasm for the job and his vast knowledge of music. He works as a presenter's assistant on a Monday evening show. He helps out selecting and loading the music as well as banter and interaction with the main presenter. It is a fantastic opportunity for him and he is amazed that his original suggestion to find work in radio has been realised. This person has always had a vast knowledge about music, Fiona has found the right activity for him. A few years back many would of thought this was an impossible achievement.

Fiona has always carried out weekly Makaton support for staff and residents. Regular around the world cooking days. Completed some life stories in a person centred way. Organised private use of a swimming pool with a lifeguard for users of Rebecca Homes services only and much more.

I hope from mentioning some of the extraordinary achievements Fiona has achieved in the last twelve months she is considered for the Activity Organiser award.

Rebecca Homes Ltd supports young adults with learning disabilities and/ or mental disorder and/ or autism.
